

Energy Medicine...

This two-day program is designed to facilitate skills and knowledge related to energy medicine, including:

- *Nursing role in energy medicine*
- *Reflective practice*
- *Circuitry of the human body*
- *Cell structure and the living matrix*
- *Far infrared technology*
- *Ionization*
- *Magnets and the brain*
- *Influence of energy*
- *Interdisciplinary clinical practice*
- *The evidence-base for energy medicine*
- *Thermography and applications to environmental medicine*

Saturday, January 8, 2011

8am- 4:30pm

Sunday, January 9th, 2011

8am - 4:00pm

Registration includes:

Tuition, parking, and course syllabus

Lunch on your own

Recognizing the emergence of a new branch of Academic medicine...

"This continuing nursing education activity was approved by the American Holistic Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation for 9 contact hours." AHNA Approval code 621.

"This activity has been reviewed and is acceptable for up to 12.25 Elective credits by the American Academy of Family Physicians. AAFP 43767"

Category II credit for Chiropractic Physicians.

Approved for 12 hours by the National Certification Board for Therapeutic Massage and Bodywork.

The following Florida Boards have approved this program:

**Medicine
Nursing
Massage
Dentistry**

Refunds, substitution, cancellation policy:
Refunds will be processed, minus a \$50.00 fee if request is received in writing by December 15th. Substitutions may be made.

Energy Medicine

Sponsored by:
**Global Education Development
Institute NFP
Integrative Health Forum
and the
American Holistic
Nurses Association
In collaboration with
The University of Central Florida**

The Evidence-Base for Energy Medicine

Objectives:

- *Recognize the emergence of a new and exciting branch of academic medicine*
- *Identify the biological effects of magnetism*
- *Discuss the trend toward energy medicine*
- *Differentiate natural magnetic fields and electromagnetic fields*
- *Discuss clinical applications of thermography*
- *Describe physiology of the cell and the impact of energy*
- *Describe impact of the environment on cellular structure and disease process*
- *Discuss the role of nursing and allied health professionals in energy applications*
- *Examine the circuitry of the mind and body and implications for self-care and reflective practice.*

Who should attend -

This program is for physicians, nurses, allied health professionals, wellness specialists, and integrative medicine practitioners. For the first time ever, listen to our experts from the United States and Canada address Magnetic Field Deficiency Syndrome, the Beneficial Influence of Energy, Interdisciplinary Clinical Practice, and Applications to Allopathic and Energy Medicine.

Dr. Peter Goldberg

Board certified, Doctor of Acupuncture and practitioner of Energy Medicine, specializing in stress and pain management, in practice since 1989 in western MA.

Dr. Ronald Lynch

University of Maryland, School of Medicine, completed post-graduate training at Florida Hospital Medicine Center.

Anthony Bove

President of Nu-Magnetics, Bove holds 38 patents in the field of magnetic and healing for the human body. A scientist and inventor, he created Biaxial Magnetic Rotation which creates a dynamic, 3-dimensional magnetic field.

Curtis Bennett

An engineer, scientist, and environmentalist, Bennett has dedicated his life to studying the invisible by using thermography to see images beyond our spectrum.

Ted Aloisio

A certified nutritional microscopist and author of Blood Never Lies. He is director of the Veritas Health Institute in Toronto and an authority on practical applications of microscopy.

Sharon M. Weinstein, MS, RN, CRNI, FAAN

A certified physical and environmental wellness specialist, Weinstein is the author of B is for Balance and Workplace Wellness. She is the founder of the Integrative Health Forum and President of the Global Education Development Institute.
